

Take the Challenge

Having trouble answering the questions that friends and critics have about faith and the Bible? Why not take the challenge? Take the Challenge is a user-friendly approach to reading the entire Bible in one year. Each day, an Old Testament reading is combined with a New Testament reading and a psalm or other poetic writing. Such an approach provides variety and makes the year through the Bible fun, especially when you are working through more difficult Old Testament passages. One of our goals at Cross Keys is to put God's Word into your hands so you can read it, understand it, and apply its truths to your own life. Why not make one of your resolutions for the New Year to read through the entire Bible? Take the Challenge brochures are available in the entry of the church. Pick one up and get started on a journey you will never forget!
